EXPERIENCE

WIKITOLEARN | CORE DEVELOPER

August 2016 – Present

- Maintaining and Implementing Offline Extension for WikiEditor.
- Taking care of Promo Activities for WikiToLearn in India.

GOOGLE SUMMER OF CODE | STUDENT DEVELOPER FOR KDE

May 2016 – Aug 2016

- Built a MediaWiki extension from scratch that adds offline support to the current WikiEditor in WikiToLearn. This extension notifies the user's internet connectivity status and if submitted the WikiText while offline, will parse WikiText Markup format to HTML using Regular Expression, and render it. Technologies used here were JavaScript, jQuery, PHP and MediaWiki Extension Development.

THINKFOSS | OUTREACH LEAD

April 2016 – Present | Kollam, India

- Responsible for assisting the organization in the development and implementation of its marketing, business development, and public relations plans. This will be accomplished through developing, maintaining and expanding marketing channels/methodologies. Assisting the organization with advertising and marketing promotional activities including social media, mobile, e-mail, web and print.
